

"I sent them instrumentals back in January"
(9 months ago); ANDREW BLANK, "YOU ARE
A LYING... BACK STABBING CUNT BITCH!"

"We agreed that we don't wanna give out
stem tracks!" THEN WHY NOT JUST TELL
ME AND NOT LIE TO MY FACE??!!

You're dead... You're fucking dead... you
better pray to whatever higher power that I
don't see you on the day I kill myself cuz
guess what? YOU'RE GOING WITH ME.

I'm going to shoot the living shit out of your
body... I'll blow your "innocent" little Korean
face off. And you know what? I'm going to
scare the living hell out of you with the
"Anymore" EFS music video. I'll have Rachael
kill you good and slow... I'll never speak to
you in person again, unless it's the day I die.

Fuck you and your FARE studio band.
I hope when you get famous they only think
of me. I helped the living hell out of your
band through YouTube videos and animation
and you don't even care do you? - AB

YOU DON'T! Fuck you!
