First of all I need a shotgun and to
learn how to use it/practice shooting it.
Even if I just kill Brian I'd be satisfied,
Hell, him and the floor guy have no chance.
Second of all I need to finish "Anymore".
I could legit make this shit happen this Fall.
Oh man, I'm so game, who knows, might (they)
hire people I hate over that time to make it
even funner.
