

I'm virtually borderline reportable to the police/secret service, but if I ever got brought in for questioning I'd get off with "It's just a show and a 'fictional' character." They got nothing on me. I'd get away clean, guarantee it.

I still need to be careful what I post on there though... can't afford to spend time in jail over internet shit. Could you imagine me behind bars?

I'm pretty good with making the tweets sound serious yet humorous at the same time. Whatever, just as long as I don't physically threaten anybody... Oh wait... I did, EARTH! HAHAHA! Bite me. I can already see it now... me and Rachael killing people for real, but as ghosts. One day it will happen...
